smooth reflection will show that a vast majority of a momental reflection will show that a vast majority of the same from which we saider and die, were, at their commencements, shape and triffle. A mere cold, a slight diament, a pain in the slate, or a headache, or homeness, at first easily cured and suddied, in times becomes a communition, a fever, a dangerous dysentery. Croup or other these smelles supply a great public want. Being on hand, simple, so you know at once what to take—pletaant, so as to cause no repugnance—safe, and hence secondaring no risk, while the caralive effects are positive and certain, they are taken, and at once the spell is broken sent insulation and private persons, as being was men use, was worr supris and convenience, the services has amply confirmed the use of these remedies for families and private persons, as being was men use, was worr supris and convenience, the story received and analysis and have been using them for some five

Thousands are and have been using them for some five years past, in every section of the country, with almost travelable success. All speak in the highest terms of their simplicity and certainty, and among our hundreds of agents the uniform testimony as, that they give good the country to their consistence.

OF THE AGE.

MR. KENNEDY, OF HOXBURY, Every Kind of Humor,

The worst Scrofula down to a common Pimple. He has tried it in over cloven hundred cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing core

a perfect cure is warranted when the above quantity is taken.

BOXBURY, MASS.

DEAR MADAN: — The reputation of the Medical Discovery, in curing all kinds of humors, is so well established by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a fall knowledge of its curative power, in relieving all, and curing most of those discases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH, Is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet shumbers; and the Medical Discovery becomes a fountain of blessing to your husband and household.

In the more advanced stages of CANKER.

It extends to the stomach , causing BYSPEPSIA, creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

BAW AND INFLAMED. your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonous fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow and greenish, and your best day is gone. For want of nourishment your system becomes loose and flashy, and the fibres of your body become relaxed Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip joint when you retire, irregularity of the bowels, and also that most exerciciating of diseases, the

PILES. How many thousand of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old provert, "An ounce of prevention is better than a pound of cure," In the MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you any tajury. THE MEDICAL DISCOVERY especialy intended for diseases of the blood, but since introduction in the Western States, it is found to be

AGUE REMEDY that was everbefore the public.

No change of diet ever necessary—eat the best you can said get enough of it.

Directions for uss—Adults one table spoonful per Directions for the Adults one table spoonful per day—Children over ten years, dessert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

Yours truly,

BONNALD KENNEDY.

Compound, FOR RESTORING GRAY HAIR To its original color without dyeing, and preventing the Hair from turning gray.

FOR PREVENTING BALDNESS, And curing it, when there is the least particle of vitality

FOR REMOVING SCURF AND DANDRUFF And all cutaneous affections of the Scalp. FOR BEAUTIFYING THE HAIR. Imparting to it an unequied gloss and brilliancy, making t soft and silky in its texture, and causing it to curl

Impering to it an unequire gloss and primary, manify its oft and sliky in its texture, and causing it to curf readily.

The great celebrity and increasing demand for this unequaled preparation, convinces the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation in use. It cleanses the head and scalp from dandruff and other cutaneous diseases, causing the hair to grow luxuriantly, giving it a rich, soft, glossy and flexible appearance, and also, where the hair is loosening and thinning, it will give strength and vigor to the roots and restore the growth to hose parts which have become baid, causing it to yield a resh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations have failed. In. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest redsectability. It will effectually prevent the hair from turning until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to it to its original hue, giving it a dark glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreesphe fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator, can be dressed in any required form so as to preserve its piace, whether plainto in curls; hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

Only Twenty-Five Cents

per bottle, to be had at all respectable Druggists and Pertuners.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's hair inclines to be weak. The use of it says the foundation for spood head of hair, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the realth of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac-simile LOUIS MILLER being on the outer wrapper; also, L. MIL LER'S HAIR INVIGORATOR, N. Y., blown in the glass.

MISCELLANEOUS. THE AMALGANATION OF LANGUAGES, - There is a gr INE AMALGAMATION of LANGUAUE,.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic,
which is from the Greek, signifping "for the head," is
now becoming popularized in connection with Mr. Spalding's great headashe remedy, but it will soon to used in
a more general way, and the word Cephalic will become
as com, soon at Effectivity and many others whose distinction as foreign words has been worn away by common
usage, until they seem "artive and to the manor born."

Constipation or Costiveness.

No one of the "many ills that fiesh is hair to" is so prevalent, so little understood, and so much neglected as Costiveness, often originating in carelussness, or sedentary habits. It is regarded as a slight chorder, of to little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early cradicated, it will bring the sufferer to an untimely grave. Among the lighter evils of which Costiveness is the usual attendant are Headachs. Colle. Not unfrequently the disease named originate in Constipation, but take on an independent existence unless the cause is cradicated in an early stage. From all these considerations, it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expet the institous approaches of disease, and destroy this dangerous for to human life. II. POWER EXCITEMENT, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Headache. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear.
